## TO OUR CUSTOMERS.

The goods illustrated herein, (forming but a portion of the line manufactured by us,) are *very nearly all new designs*, which will, we trust, commend themselves.

Our prices are lower than ever before; our facilities greater; our goods we guarantee equal to any and superior to most of those in the market. We challenge competition in prices, quality of workmanship and design; and promptness in shipment.

A careful examination of this catalogue is invited. It will always give us pleasure to receive your personal calls, and we will gladly place our stock at your disposal for inspection and comparison. We ask a thorough examination of our goods and quotations, and respectfully solicit your orders.

### HINTS TO BUYERS.

---

1. For successful dealing in these goods, a varied, rather than heavy stock is essential. Unless, therefore, your retail trade in them is large, so as to require quantities in all lines, *few of a kind, and a great assortment of designs* will be found most profitable.
  2. Our Catalogue *illustrates accurately every piece*, having been engraved by the best artist in the country, from photographs on wood. With this before you, *take time to study the needs of your market, in making your orders*. Many have found the trade in these goods comparatively unprofitable, only because, buying hurriedly of traveling Agents, with insufficient time for judicious selection, they have made rash purchases.
  3. Except before the holidays, and for special occasions, order but little more than you require to keep your assortment full, but order *often*. This will keep your stock always fresh, and will materially enhance your sales.
  4. Always supply *full shipping directions*. It will save you and us expense and trouble. Special freight rates cannot be obtained on orders weighing, when boxed for shipment, less than 200 pounds. We guarantee no rates of freight, but will always make every effort to obtain the lowest possible.
  5. Examine (on the last page of this cover,) our list of *SAMPLE CASES* especially prepared for those about to start a trade in brackets, or such as habitually carry a small stock. The selections comprise only our leading goods, *salable everywhere*, and are subject to our regular discounts for Cash, &c.
  6. Where buyers are offered by other parties slightly better terms or discounts than those given herein, for the purpose of diverting orders from us, upon being *assured and convinced* of such concession, *we shall meet competition in all cases*.
- 

All goods finished *on the back*, avoiding injury to walls, or the most delicate and costly paper.

Orders packed in "Excelsior," the best material known for the purpose.

Photographs and Price Lists of our old stock, Nos. 1 to 364, will be sent on application.

Orders for future shipment will receive special attention, and *will be promptly forwarded upon date fixed by the buyer*.

Nearly all our goods are either hinged or so constructed as to knock down and pack very closely; and can be rapidly and firmly put together: screws, screw-eyes and all small parts sent with the goods, and distinctly labeled.

On all Bills Five per cent. Discount for Cash on receipt of Goods; and Ten per cent. Discount for Cash with the Order.
